## HEAVEN CAME DOWN TO CAMP EAGLE

As many of you know, I make a presentation on the potter's wheel to different churches and para-church organizations. Blake McKenzie, a very gifted minister and dear friend, teams with me to teach about how God wants to heal our broken hearts. I make pots and incorporate the Jeremiah 18 and Romans 9 passages into the presentation. Blake and I dialogue about the wounded heart and then he does a teaching on the subject.

On June 29, 2005, we made our presentation to about 350 young people at a Christian camp called Camp Eagle. It was the third time Blake and I had made this presentation at camp. The first two times the Lord poured out His Holy Spirit in a very powerful way. That night, however, over two hundred decisions were made following our hour presentation. Twenty eight teenagers came forward boldly and unashamedly, with tears in their eyes, and accepted Jesus as their Lord and Savior. About two hundred other young people came to the altar and asked for God's forgiveness or to be healed of the wounds in their hearts.

staff, sponsors and campers for two hours. It was a heavenly picture of God's hand at work in the "hearts of men". It was such a blessing to watch those teenagers singing songs of praise to their creator. There are not words to describe what happened.

As I was breaking down our equipment a sponsor from one of the churches came up to thank me. He told me that ten of the young men who had accepted Christ were supposed to be sent home the day before for misbehaving. God had other plans. It was the most amazing evening of my life. I am reminded often that we have not because we ask not.

Many of you had committed to pray for us during these presentations. Thank you. Our prayers were answered.

Over the course of the five presentations more than fifty young people came to know the Lord and hundreds had heart changing encounters with Jesus.

I thought I would share this story with you because all too often we only hear about the "bad" things young people do. That night incredibly "good" things happened as "heaven came down to Camp Eagle".

In His Service,

*Dan*

After retiring from public education two years ago, I began working part-time as Marketing Director for a local financial advisor. We have been praying over the past several months about my being “at home” to help with the increasing demands of our ministry. I work regularly with women who have been victims of sexual abuse and am in the process of finishing a book entitled “Looking With New Eyes”. The rough manuscript is already being used to help bring healing to shattered lives. Finishing the book will require some concentrated time and energy. Then I must look for the right publisher. I would invite you to pray with me about this.

In mid-July Dan and I felt it was “time” , so I turned in my resignation. We are stepping onto yet another new path, trusting the Lord to make the emotional, spiritual and financial provisions so that we may do the things He has set before us. It is an exciting time! Life with the Lord is NEVER boring and we look forward with anticipation.

Wycliffe Bible Translators, Becky and Joel Matuszczak and their two young children, spent a week with us while vacationing in the San Antonio area. Becky wrote, “Thank you so much for the use of your lovely little cottage. I got to see fireflies at night and a red cardinal welcomed me at the bird feeder in the morning. How delightful!” Becky and Joel are headed to Oaxaca, Mexico to translate the gospel for a remote village.

Currently, Jude and Jane are using the cottage as they await leaving for mission school on September 3rd... also in Oaxaca, Mexico.
