MOUNT HOREB HOUSE APPLIES FOR NON-PROFIT STATUS

The first meeting of the Board of Directors was held On April 26th. Officers were elected, By-Laws were approved and the application process for non-profit status with the IRS was initiated.

Our goal is to expand the base of the ministry by involving more prayer ministers, incorporating some new strategies for helping those who come for ministry to mature more quickly in their new-found freedom and find a suitable "house" from which the expanded ministry can be operated.

Each of the board members brings a special level of expertise and heart-felt commitment to the work of MHH. We are so pleased to have fresh eyes and hearts to help direct this ministry.

Living and Loving While Raising Support

Full time Christian workers raise financial support so they may be free to fully pursue their calling. Both the Old and New Testaments validate this partnership. The Levites were supported by the people so they could minister unto the Lord and for the people. Paul was one of many who received financial support to further his ministry. Even Jesus lived on the

generous support of those who loved Him. Yes, He certainly had the heavenly bank account and did not **need** material provision but He chose to humbled Himself, being financially dependent upon others.

As a faith-based missionary myself who is privileged to pastor missionaries worldwide, I have seen so many blessings come from the generosity of our donors. Month after month, we are blessed by our support-partners in ministry.

If you do not currently have the privilege of supporting Mount Horeb House, I lovingly encourage you to seek the Lord concerning your partnership in

bringing health and wholeness to hurting people—those for whom Christ died. Dan and Ann are bringing new light and life to folks who have previously walked in darkness. Most are now productive co-workers, spouses and family members. This ministry lives a life of interdependence on Christ and others who want to see that its vital ministry flourish. Mount Horeb has Ephesians 3:20 plans for the future and needs more partners. **Would that be you?**

Dan Teaches Pottery Student

Last Spring Dan began working with Elizabeth Eubank, his first full-time pottery student. It has been an exciting time for them both. Elizabeth has learned to hand build, throw on the wheel, glaze and raku fire. She has made over a dozen pieces and is considering pursuing pottery as a career. Somehow, working with your hands seems to open up places in the heart in new and wonderful ways. Dan often uses pottery as an instrument to do just that—open hearts to the moving of the Holy Spirit during prayer ministry sessions.

Ministry Team Evaluates New Material

We have begun the process of reviewing some materials which could be used as a next-step in renewing the mind. The Life Model investigates how the brain works and how to develop new patterns of behavior as inner healing takes place. Carol Mayer and Kathy Snyder,

members of our prayer ministry team, discuss some of the questions raised during a weekly training session.

We are learning about the modes of interaction between parent and infant and how the brain becomes synchronized through appropriate attachment with others.

Our Quiver is Filling Up.

Sons are a heritage from the Lord, children a reward from him. Like arrows in the hands of a warrior are sons born in one's youth. Blessed is the man whose quiver is full of them. Ps 127:3-5

Jude and Jane are expecting a son (Joel Deron) in September. Ginny and Robert are expecting a daughter (Kendall Jaymes) in October. Healthy moms and safe deliveries are our prayer.

Please join us!

Other Prayer Requests

We need daily prayer warriors **for** those who come to MHH for ministry, **for** financial provision, **for** non-profit status, **for** a ministry office/house.
