POTTERY

## RETIRED? WHAT'S THAT?

Trinity, Bella and Esther offered to "fix" Dan's pony tail.

### Trinity: the Miracle Child

Our granddaughter, Trinity, is the little girl on the left in the picture.

Some of you will remember when she was born. She had a life-threatening condition due to the fact that the tissues of her abdomen had not closed properly and some of her internal organs were exposed. She spent several hours in surgery immediately after being born. The following two months were spent in the neo-natal unit of the hospital. Those were trying days for everyone.

When Ginny and Robert were finally able to bring her home, it was with feeding tubes and other special equipment.

She is now in first grade, an outstanding student and will be seven years old November 10th. She is indeed our miracle child and we praise the Lord for giving us the opportunity of sharing her life.

Trinity's brother, Logan, is four years old and all boy!

### Life After Retirement

Can you believe it? We have been "retired" for three years, now. Dan has given up his suits and ties for t-shirts, shorts and Keens. He has even grown a pony tail to make up for the lack of hair on top. What fun! It goes with his new "artist" persona as a potter. He is planning to have a studio at our new home. (more about that later!)

The Lord has blessed us through prayer ministry with opportunities to travel and teach. We have been to South Africa, Romania and Southern Mexico doing ministry and training. Part of our work is in connection to Commission to Every Nation as ministers to missionaries.

Folks are coming to Kerrville from all over Texas for prayer ministry, because the Lord is the healer of wounded hearts. *May God himself, the God who makes everything holy and whole,...put you together—spirit, soul, and body 1Thes 5:23.* We see it happen every day!

Several churches and other ministry organizations in the area make referrals to us and have come alongside Mount Horeb House with some financial support. We are building a prayer **team** so that those who desire ministry will have someone to work with them. We are also networking with others in San Antonio, Houston and Dallas/Fort Worth.

So when someone asks us how it feels to be retired our response is always, **"Retired? What's that?"**

## Missionaries and Mount Horeb House

We have had the great privilege of hosting these missionaries in the past few months. They always bring hope and a blessing!

**Frank & Mary Lou Ticknor** have become dear friends and regular guests at MHH. They minister in Oaxaca, MX and bring us the most wonderful coffee !!

**Marydel Glass** runs an orphanage and two shelters for battered women (among many other things) in the Philippines.

And, of course, our own children, **Jude and Jane Geroy**. They will be serving the Lord in Niteroi, Brazil as soon as they complete about six months of language school in order to learn Portuguese. They will be assisting a church in Niteroi with various activities including reading workshops, teaching English, developing a recreational sports program and establishing a small medical clinic.

Jude and Jane are staying at MHH while they await their visas for entering Brazil. Please be in prayer for them as they step into the next phase of their ministry.

## Just in time for Christmas

Publishing is a tenuous business, I have learned. My book WILL be available for sale in November. The price is \$12.00 plus \$2.00 shipping.

Check out our web site for order forms and information.
